Dorothy Doll (pattern corrections)

Corrections by MakerKnit.com

Here are my corrections to the Dorothy doll pattern in "The Wizard of Oz Crochet" by Kristen Rask.

Head
Rnd 3: stitch count should be (18)

Rnds 4 – 7: stitch count should still be (18)

Rnd 9: stitch count should be (12)

Rnd 10: stitch count should be (9)

Rnd 11: stitch count should be (6)

Hair
Rnd 4: *sc, sc, 2sc in next stitch; repeat from * around (24)

Rnds 5 – 7: stitch count should still be (24)

Top Torso
Rnd 3: stitch count should be (18)

Rnd 4: stitch count should still be (18)

Rnd 5: stitch count should still be (18)

Rnds 6 – 10: stitch count should still be (18)

Bottom of Dress: Blue and White yarn
Rnd 3: stitch count should be (18)

Rnd 4: stitch count should be (24)

Rnds 5 – 13: stitch count should still be (24)

If you want a solid blue band at the dress hem like shown in the book's photo of the completed doll, add Rnd 14: change to blue yarn only and sc in each stitch (24); then continue the pattern as written.

Bottom of Dress: White yarn
Rnd 3: stitch count should be (18)

Rnd 4: stitch count should be (24)

Arms
Rnd 5: sc2tog, sc2tog, sc in next 4 sts (6)

Rnd 14: stitch count should be (6)

Rnd 15: stitch count should be (4)

Legs
I added one more round so my Dorothy's legs would be longer (I thought Dorothy's legs looked a little short and stumpy in the book's photo). If you want your doll to have longer legs also, add Rnd 10: sc in each stitch (5); continue pattern as written.
